SUMMARY

B.Tech Artificial Intelligence and Machine Learning student graduating in 2027 with hands-on experience analyzing structured data, preparing reports, identifying patterns, and presenting results through application dashboards. Strong in analytical thinking, problem solving, communication, teamwork, and translating technical findings into clear, understandable insights. Experienced with Python-based data analysis and business-oriented problem solving. Seeking Business Analyst, Data Analyst, or Business Operations internships where analytical and communication skills can support practical decision-making.

EDUCATION

B-Tech Artificial Intelligence and Machine Learning
IFET COLLEGE OF ENGINEERING – 7.6 CGPA

2023-2027

Class XII (State Board)

SARASWATHI MATRIC HIGHER SECONDARY SCHOOL – 73.33%

INTERNSHIP

Machine Learning Internship

Ulektz Learning Solutions Pvt. Ltd. · Chennai, Tamil Nadu

- Learned Machine Learning fundamentals.
- Performed basic data preprocessing using Python.
- Participated in hands-on machine learning exercises.
- Strengthened analytical and problem-solving skills.

PROJECTS

FinDecideAI – AI-Based Financial Risk Assessment *Python, FastAPI, React, PostgreSQL, Scikit-learn*

- Developed an AI-powered financial risk assessment system.
- Built machine learning models for loan approval prediction.
- Implemented an interactive dashboard using React and FastAPI.

Student Performance Analysis & Prediction *Python, Pandas, Scikit-learn, Streamlit/FastAPI*

- Developed a machine learning model to analyze student academic performance.
- Performed data preprocessing, feature engineering, and exploratory data analysis.
- Trained and evaluated classification/regression models to predict student outcomes.
- Built a simple dashboard/application to visualize predictions and insights.

SKILLS

TECHNICAL SKILLS

Business Communication: Decent Written Verbal Communication, Presentation, Team Collaboration

Data Analysis: Python, Pandas, NumPy, Data Preprocessing, Exploratory Data Analysis

Reporting & Visualization: Dashboard Development, Data Visualization, Insight Presentation

Database & Applications: PostgreSQL, FastAPI, REST APIs, React

Tools: Git

SOFT SKILLS

Problem Solving
Analytical Thinking
Communication
Teamwork
Adaptability

LANGUAGES

English, Tamil
